

**REMARKS**

Entry and consideration of this Amendment to correct obvious, inadvertent errors are respectfully requested. No new matter has been added.

Support for the amendments at page 35, line 20 and at page 37, line 14, is found, for example, at page 5 and in reference to claim 3. Support for the amendment at page 35, line 27 is found at page 19 of the specification. As to the amendment at page 41, it is self-evident that "polyfluoroether chain P" is incorrect from the description at line 1 of the same paragraph. With respect to the amendment at page 75, the structural unit (N) is a structural unit of the polymer (IIINC). Refer to page 68 of the specification. There is no polymer (IIIa) in the specification. The amendment at page 118 corrects a typographical error.

Respectfully submitted,
